☆☆☆ *You're Only a Hundred Once*

Chicopee's Centennial is an exciting opportunity to celebrate Chicopee in a way that has never been done before. Throughout this year of special events and festivities, the richness of Chicopee's past as well as its vision for the future will be showcased to the citizens of Chicopee, to all of New England and beyond the Northeast. From the Centennial Parade to the Folk Festival, to the International Air Show, the Chicopee Centennial will extend an irresistible invitation for everyone to participate in a spirit of community and celebration.

Appreciating Chicopee's cultural and ethnic diversity, recognizing the achievements of its citizens and its business community, and inspiring civic pride are primary goals for the celebration. The Centennial will also serve as a unifying link to each of Chicopee's five neighborhoods and will promote the feeling of community on a city-wide level.

The commemoration of Chicopee's one hundred successful years as a city will certainly go beyond this centennial year. The wealth of publicity and goodwill generated by the Centennial will open doors for the continued development of business, cultural activities, tourism, and community networking. For the City of Chicopee, one hundred years is just the beginning of a new era of growth, optimism, and soaring spirits.

Westover Air Force Base celebrates with pride the golden anniversary of the founding of Westover Field as Chicopee marks the City's centennial with a year-long series of special events.

The air base was dedicated in April, 1940 and became a major training base for B-17 and B-24 crews bound for Europe. In the postwar era, Westover was the major U.S. base for the Berlin Airlift. In the mid-1950s one of the longest and widest runways on the East Coast was constructed at Westover. Today the base is a major facility for strategic airlift with 16 assigned C-5A Galaxies.

Westover has cooperated with Chicopee in developing a vital economy and is one of the region's major employers. Last year, over \$200 million flowed from the base to the local economy.

Three major events — an anniversary ball, a three-day international air show, and a balloon festival — will mark Westover's contributions to the history of the nation and Chicopee.

On
the
Move

Seniors

We were once young and careless and free,
Not thinking or caring of the future
Nor dwelling on the past.
Entering as freshmen we were unaware and scared
By our new surroundings.
When we were sophomores we began a search
For our own identities.
Junior year was exciting because we were
Almost there.
As seniors we began to prepare ourselves
For life in the real world.
Now as years have passed we have become one
In each other's lives,
Dreaming of the future and dwelling on the past.
Helping one another in times of need;
A shoulder to learn on, an ear to listen.
We were there together
One for the other - always.
Times are difficult because of life
And we seldom see reality.
We soar in our hopes and dreams.
Soon it will be even harder —
We will go our separate ways
And seek new horizons,
But we must always remember and
Never forget our good times
And even the bad,
For we will learn from them and someday
It will bring us together again.

Underclassmen

Class Officers: Laura Osetek, Jenn Pruitte, Michelle Poulin, Amy Wood.

Junior Year

Well, we are finally upperclassmen. This title also came with many responsibilities. First, the class participated in the annual magazine drive. This took place to earn money for our class and to reduce the cost of our dues, which we had to pay in November.

The next step into our Junior Year we faced the P.S.A.T tests, which are preparatory tests for the S.A.T. tests, which we took late Junior Year and early Senior Year. For many of us it was a new experience.

The biggest event for us came in May, our Junior Prom. The Prom was held at the Oaks. It was a pleasurable event for all of us.

As Junior Year comes to a close, we realize that we have one year left together as a class. With the class spirit that we have, our Senior Year should be one we will always remember.

FRESHMAN CLASS

OF 93

The First Year

Being a freshman was both good and bad. It is good in the way that you experience a new way of life, and have fun doing it. Some of the bad points are the way that the upperclassmen treat you in the halls. We experienced school thru our classes and our participation in sports and other extra-curricular activities. Being a freshman has been both good and bad . . . I guess what I am saying is that next year should be a better year.

Herbert H. Curry, Superintendent

It gives me great pleasure and pride to have the opportunity to extend my congratulations to the Class of 1990.

Challenges, decisions, and goals were a very important part in the successful completion of your public school education, and will be every bit as important as you look toward the twenty-first century.

I am very confident that your preparation has given you the skills to meet the challenges that will be necessary to succeed in the ever-changing world of your future.

Please accept my best wishes for continued success, health, and happiness in the years to come.

Herbert H. Curry
Superintendent

Barbara A. Cove, Assistant Superintendent

Congratulations to the Class of 1990. The time has come for you to assume responsibility for your lives. Only you can determine what path you will follow. Whatever you choose to do, give it your best. Respect others, but more important respect yourself. If you don't no one else will.

Good luck to all of you!

Barbara A. Cove
Asst. Superintendent

To all the graduates of 1990:

In a decade you will be the pioneers of the 2,000's. The challenges that confront you are unknown - better they remain so. The unknown will produce surprises, such as advances in technology, that will be rewarding, and will enhance your life both physically and mentally.

The turmoils of our country, and our world, should never be a deterrent to the development of a sound sturdy character. Intellectualism alone will not alleviate the congestion of adversities, but the continuous integrity of your character with education will be more productive to contributing to a more tolerable world.

You should be able to smile; be patriotic to our country; be able to set aside a few hours for community service; Be able to serve your family as providers of compassion, understanding, spiritual fulfillment and true love.

You and you alone can develop your character that will be the pillar of happiness, contentment and success.

-The best of wishes to all the Class of 1990. The quality of your life lies in what you set as your values of strength and need.

The function of foreign languages is to serve as a source of enrichment for every student enrolled. Critical thinking, deductive reasoning, and decision-making skills are taught and reinforced. In order for a student to get along and to succeed, as we are about to enter a new century, he/she must learn to cooperate and to share responsibilities with others. By using the word "others" we mean more than one's neighbors and friends. To face the future positively, confidently, enthusiastically, and intelligently, a student should be able to deal with "others" on a national and international level. The foreign language curriculum offers an opportunity to study languages and cultures which are used throughout the world. The opportunities which are available to an individual who, with time and further study, masters a foreign language, are limitless.

Congratulations. The Social Studies Department hopes that in some manner, large or small, we have contributed to your educational growth at C.C.H.S.

Of all the lessons we have taught you, one, we hope will be paramount in your mind and remain with you always. Simply put, that you will be an alert, active, thinking citizen of our nation. Democracy is priceless and once lost becomes extremely difficult to regain. Only a concerned citizenry keeps it alive - complacency leads to its demise.

If you become an important part of the democratic process - an informed, critical, thoughtful, voting citizen, ever watchful and concerned and willing to work at improving this world of ours, we in the Social Studies Department have accomplished our goals. Our country will be in good hands. Shalom.

Movin' On

The 1989-1990 school year has moved on. This year was a special year, especially for seniors. The end means a new beginning, a new future, and where we start to pursue our dreams. When we move on we will carry with us our memories of Chicopee Comprehensive High School, the teachers, staff, and students. All people who we have shared the best years of our youth. We are the future, we need to show leadership. This

year at Comp a S.A.D.D. (Students Against Drinking and Driving) chapter was formed. This is a great contribution toward the students of Comp and the initiative of youth.

I know I will never forget the first time I walked into Chicopee Comp, or the first mid term exam and final. I hope that you will take your memories and build an even better and brighter future for yourselves, always remembering

where you came from and never losing sight on your goals in life. I will remember the help and support that I received to help produce this yearbook. This is your book, yours to help you remember your Chicopee Comprehensive High School years. It is because of you that Memini 1990 is a success for all of you to enjoy.

Thank-You

Mr. Raymond Boulais for this continued guidance, advice, and support throughout the year as yearbook advisor. His support was greatly appreciated.

Mr. Don Lendry for his cooperation and encouragement throughout the year when needed.

The Greniers for supplying us with the necessary quality photos and supplies (which are greatly needed in a book.) And at times, going out of their way to do so.

Mr. Mitchell Kuzdzal for his continuous words of support and reassurance and the pat on the back.

Mrs. Julie Leonard for her never ending faith that it will all work out.

Mr. Alfred Pinciak for his concern on the development of the book.

Mrs. Fennessey and Mrs. Ferraro, The senior class advisors, for helping me to work with the senior class.

THE CLASS OFFICERS for helping me and the assistance throughout the year

Tom Racette for putting together an quality underclassmen

section.

Mike Grunwald for doing a fabulous job with the faculty section and being there to help out.

Jeff O'Neill for developing on active clubs and for keeping my wit about me.

Betsy Lenart for putting together an action filled sports section.

Kerry Wilbois and Theresa Walsh for getting people to buy this book.

Tricia Sullivan and Mary Beth Rinaldi for a terrific job of putting together the advertising section.

Shawn St George for being a trigger finger and putting together a photo staff to supply pictures.

The Staffs for everything you did "BEHIND THE SCENES" give you a pat on the back and a thanks.

Bob Roy for the terrific color senior section, helping to train staff helping me with the cover, and most of all helping me when things got hairy.

*Thank-ya
Scott*
